

### ***What Glenway members are saying about Ethel...***

"I would consider it an honour to write about Ethel. I hope the following words suffice..."

When I was looking for a full-service club as a newcomer to Aurora, one of the biggest draws of Glenway to me was the fact that the child service provider had been with them over 15 (now 20!) years. Many clubs advertise that child care is available, but often it is just whoever they can pull in for that shift. In this day and age, that does not provide a mom with a worry-free workout. It is rare to have a club with a dedicated, experienced child care provider on board. When I met Ethel, I knew right away that my daughter would be in good hands with her and that I could truly enjoy my workout. And my experience with Ethel has provided that. My daughter loves being with Ethel and complains to me when my schedule doesn't get me into the gym enough! Ethel is wonderful with children of all ages and is capable of dealing with the myriad of situations that arise with kids. She is kind, gentle, calm and wise. She has given so many moms the chance to take a couple of hours to take care of themselves, to feel good about themselves-for which we are so grateful!"

#### **-Adela Whitmell (Glenway member)**

"Ethel has been minding our kids for many years, one of them since the tender age of 6 weeks old. She is an incredible individual who not only takes care of our children, but has also become a good friend. With Glenway celebrating their 20<sup>th</sup> year, it is an amazing fact that Ethel has been with Glenway for all those years. Kudos to her!"

#### **-Valerie & Wayne Kelly (Glenway members)**

"Ethel is a very nice, kind, loving, and responsible caregiver. She loves kids and does a great job of caring for them. My kids love going to Glenway child care and playing with the other kids and caregivers."
