

## Your IHRSA passport program is here!

Your membership here at Glenway gives you access to the benefits of IHRSA, the International Health, Racquets and Sports Club Association. Please feel free to stop by the Front Desk to look at a Passport book containing a complete listing of participating clubs worldwide.

## PASSPORT PROGRAM REMINDERS:

- Not all IHRSA clubs choose to participate in the passport program, but only IHRSA member clubs are eligible.
- You may only obtain passport ID cards and passport stickers from Glenway. IHRSA does not distribute these materials directly to members of participating clubs.
- You can only use passport clubs that are located at least 50 miles away from your club.
- The IHRSA passport program is not intended for temporary membership privileges, or for transferring a membership - it is designated for use on a short-term visitation basis only. If you are planning on an extended stay, please consult your host club for any offer they might extend to you.

We hope you enjoy your reciprocal access privileges!
